

RTO No. 32461

CPPFES2005 Demonstrate First Attack Firefighting Equipment

This unit of competency specifies the skills and knowledge required to demonstrate first attack firefighting equipment. It includes demonstrating and explaining to clients how to correctly and safely use portable fire extinguishers, fire hose reels and fire blankets in emergency situations. The unit is suitable for those with basic skills and knowledge undertaking routine work tasks under the direction of more experienced workers. Licensing, legislative, regulatory or certification requirements apply to this unit of competency in some states and territories. For further information, check with the relevant regulatory authority.

This Nationally Accredited Training consists of both theory and practical sessions.

Participants must have a sound knowledge of the English language.
