CPCCLDG3001A: Licence to perform dogging

The training to achieve this High Risk Work Licence – Dogging (DG), consists of 3 components: formal theory training, supervised work experience and licensing assessment. We offer two options to obtain the licence:

Option 1 – Dogging WORK READY (5 days)

This is a 5 day intensive training and assessment course. Participants will attend on all 5 days to complete formal theory, practical training and licensing assessment with our qualified trainer and assessor.

This course option is suitable for participants without access to a workplace to gain experience, or workplaces who don't have the resources to supervise staff while gaining experience. Learners must meet a level of practical ability before undergoing a Workplace Health & Safety Queensland licensing practical assessment on the final day. If at any time, the assessor recognises the need for the participant to undergo additional training, participants will be given their log book to obtain additional experience in the workplace or offered further hours to complete at an additional practical training session(s). Should this be required, re-attendance fees may apply.

Option 2 – Dogging LOG BOOK (3 days Formal Training + Licensing Assessment)

During the 3 day formal theory session participants will gain the required knowledge to safely and effectively perform dogging operations, after which they will be required to obtain and log hours via work experience. The participant must be supervised when performing duties by a person with an equivalent licence in dogging operations.

A log book showing the completed hours will be required to be sighted by the accredited assessor prior to assessment. Participants are welcome to book in for assessment when their Supervisor feels they are competent to undertake the Mandated Licensing Assessment.

Please note: It is up to the participant to organise their own access to perform operations as a dogman under the supervision of a licenced Dogman.

On successful completion of this course, you will receive a Statement of Attainment and the required paperwork to apply for a WH&S QLD HIGH RISK DOGGING (DG) licence.

Participants must be over the age of 18 and have a sound knowledge of the English language.
