HLTAID009: Provide cardiopulmonary resuscitation

In this course you'll learn the skills and knowledge required to perform cardiopulmonary resuscitation (CPR) in line with the most up to date guidelines from the Australian Resuscitation Council (ARC). This course is intended for anyone who may be required to provide CPR as an emergency first response in a range of situations, including community and workplace settings. CPR is one of the most basic and critical skills that anyone can and should learn!

Course Content Summary

- Plan and prepare for initial response first aid
- Assess a first aid situation
- Apply first aid, including resuscitation
- Recording and reporting
- Use of an Automated External Defibrillator
- Management of an unconscious breathing casualty
- Correct use of PPE
